

Proud to Serve You

Welcome Students

An urban college campus presents endless possibilities – and the MBTA is proud to serve our city's students to help ensure you get to where you need to go to take advantage of all of them!

Committed to Public Health on Public Transportation

Through the pandemic, we remain committed to doing **our part** to protect the health and safety of all of our riders and employees with increased cleaning and sanitation practices.

As a rider, we ask that you also do **your part** in helping to ensure the health and safety of everyone by staying vigilant and wearing your mask on the T.

We see this a shared responsibility; a pact between ourselves and our riders. A pact we call **Ride Safer**.

Ride Safer

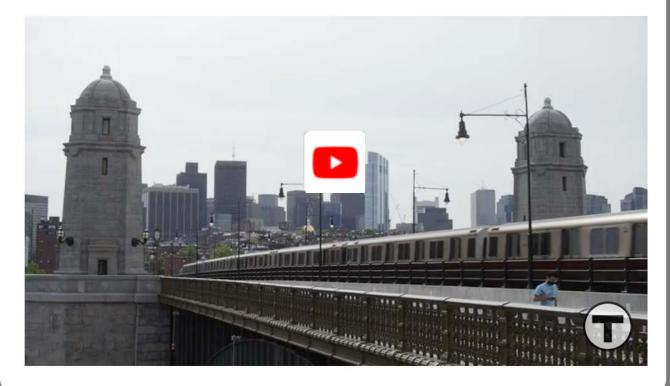

Whether you're new to Boston, or it's been a while since you've ridden the T, we're here to take you where you need to go. Watch our latest guide to #RideSafer.

Ride Safer

Protecting Your Health

The MBTA continues to take necessary steps to protect the health and safety of our riders and employees with increased cleaning and sanitation at stations and on vehicles. This includes:

Providing face coverings to riders

MBTA Transit Ambassadors and Customer Service Agents will distribute face masks at select stations.

Maverick North Station Back Bay Forest Hills Haymarket South Station JFK/UMass Ashmont Braintree Harvard Park Street Copley Kenmore

Ride Safer.

Face coverings are required on the T.

Face coverings are available here *while supplies last.*

Ride Safer

Cleaning & Disinfecting

All subway & commuter rail vehicles disinfected on a daily basis, and buses cleaned multiple times per day.

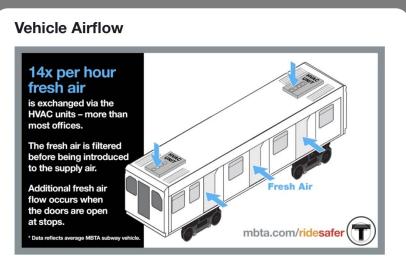

All high-contact areas at subway stations (handrails, fare gates, and fare vending machines) are cleaned every 4 hours.

Cleaning and disinfecting

O Vehicle Air flow

Every 60 seconds, our buses, trains, and trolleys recycle and refresh filtered air, and completely exchange air at least 10 times every hour

Ride Safer

What You Can Do

We also encourage riders to:

- Maintain a safe distance from others when possible
- Wash hands often with soap and warm water for at least 20 seconds
- Cover coughs and sneezes
- Stay home if sick
- Avoid touching eyes, nose, and mouth
- Clean areas that are frequently touched with sanitizing spray or wipes
- Get a COVID-19 test
