Transportation

A New Mobility Vision and Action Plan for Boston

To help sustain the city's remarkable growth in recent years and meet new challenges, the City of Boston is embarking on an ambitious effort: A Boston Mobility Action Plan that will help envision Boston's long-term transportation future. The Mobility Plan will shape this far-reaching vision by proposing transformative policies and projects to inform regulatory and investment decisions in the years to come. It will be data-driven and steered through an unprecedented and inclusive... [Continue reading here](#)

Building on success: Expanding the BCEC

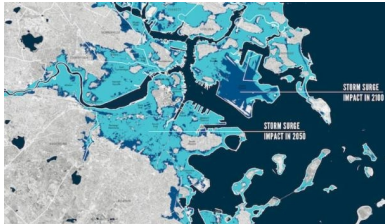

It's hard to believe that the Boston Convention & Exhibition

Center opened its doors just a decade ago. However, it is clear what a success it's been for Boston and the Commonwealth. In the last ten years, the BC EC and the Hynes together have generated more than \$5 billion in economic impact and supported more than 5,300 jobs in the area. That's an impressive return on our initial investment of.... [Continue reading here](#)

Environment

Updating the Boston Climate Action Plan

The City of Boston recently announced the launch of a multi-month, city-wide effort to update the City's Climate Action Plan. Required for update every three years, the City is using this opportunity to not only measure our progress towards the City's 2020 goal of reducing greenhouse gas emissions 25%, but to re-evaluate the strategies identified within the existing plan and to develop new strategies to fill any potential short falls. The City will also be using this update to create a

comprehensive climate preparedness plan that will help ready the City for future sea-level rise and severe weather events like Superstorm Sandy. To accomplish this update, the City is.... [Continue reading here](#)
